Imagine how tiresome it will be to clean up your own home after throwing a big party, with out assistance from cleaning equipment. Back in the day, the time carpets and upholstery had the dust beat out of them by hand; cleaning cloths, brushes and brooms were the best cleaning supplies during that time.

The founder of Nilfisk-Advance, P.A. Fisker, started as an electrical engineer who really liked to work on electrical motors. After starting his company in 1906, he started to make motors to drive coffee grinders, fans, machine tools and drills. Mr. Fisker's dream from the start was to have a global company marketing merchandise worldwide.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning trade. Mr. Fisker invented a remarkable, ground breaking vacuum cleaner that can be operated by one individual since it just weighed 17.5 kilos! This invention came in a time where various cleaning machines were very big and required at least 4 operators, hence, the Nilfisk C1 transformed everything and developed the manner we clean forever. The brain behind these first cleaning equipment remains unparalleled. Cleaning machines provide a brilliant solution to an existing dilemma; stuff get filthy and have to be cleaned frequently, without a lot of effort.

Slowly but progressively, Nilfisk-Advance grew all through the years. During the 1980s, this growth truly occurred when the company became a part of the NKT Group. Their new owners' determination and focus made Nilfisk-Advance take a huge leap ahead within the trade, trying to be amongst the largest international players in the market of professional cleaning machines. Nilfisk-Advance is presently located in every part of the globe due to steadily obtaining lots of small businesses to be able to expand their product portfolio and presence in new markets. They are proud to provide a range of cleaning solutions to fit each need.
